Dear Sir:-

I am writing to express the appreciation of myself ^{and family} for your wonderful 10th and old Spanish Music recently sent us over our little Crystal Radio set here on my "sheet in?" porch in California's wonderful air and surroundings. I am sending you my check for a copy of your songs and am being so bold as to ask you to autograph my copy if you will. I am at present on the shelf after an active life practicing medicine (15 yrs in Chicago and again ^{here} for 10 yrs) for the monumental work you are doing to have behind you a permanent historical, (and valuable to others,) monument to your good work. With sincere good wishes. I am
Yours very truly. F. A. Phillips M.D.

My dear Dr. Phillips:-

That is a very gratifying letter, and I am glad indeed if my talk and the old songs gave some pleasure to a "shut-in." I can appreciate it all the more, because during three years and a half of my early collecting of these folksongs, I was paralyzed; and tho I wasn't shut in, I was shut off from a good many things. And in these wonderful songs I found great solace, as well as keen artistic pleasure.

I am glad to send you the desired copy of the Spanish Songs of Old California, autographed; and am sure you will find this collection a treasury.

The book is already in its 4th thousand, and I am preparing a Second Book for this Fall, with fourteen other songs.

Trusting you will soon recover your accustomed health, and with all good wishes,

Sincerely yours,

Dr. F. A. Phillips,
